

QL Propeller

Application Selection Guide

Interchangeable Hub

Perfect shaft alignment with no balance problem and DIY propeller maintenance.

No more rubber hub slip

Innovative Torsion Rods absorb shock when hitting a rock thus protecting your engine; the hub can be changed in minutes.

Increased Horsepower

Larger exhaust area enhances engine performance.

How to use the guide (See other side):

1. Locate the Horsepower, Year and Model of your Outboard or Stern Drive.
2. Select a propeller from the 3 or 4 blade propeller tables.
3. Purchase the Hub Kit shown to make your complete installation.
