Flexible Coupling Kit
Models: 02-55, 02-75

Please check your stock of PIN 3812226 (flexible coupling for 02-55 & 02-75)!
If the material thickness of the coupling is 9mm around the holes for the bolts, the kit SHOULD NOT include spacers
If the material thickness of the coupling is 3.5mm around the holes for the bolts, the kit MUST include spacers.
Unfortunately we have delivered some kits where the spacers must be removed. Please check and if necessary repack without spacers.

See enclosed illustrations:
