Expired Bracket Question

Hello:

I am sorry but the bracket is no longer available. You may want to see if you can find someone who will make these for you. If you can't find anyone, let me know and I will get a price for the manufacturing from my local machine shop (old tin knockers from way back).

Do you want the pressure caps and the expansion tanks to go out anyway?

Thank you for the information.

Please go ahead and send the tank and cap.
