Mercruiser 93772A11 Question

Hello Sir:

We can supply the 93772A11 (although since it is an expired part there is an extra $25 charge as I have to get it from the West Coast), but are you sure this is the part that you need?

I ask as I show this is used mostly on a V200XRI EFI outboard which is somewhat rare.

If you can give me the serial number and/or the model and the approximate year I can check to make sure you are ordering the correct part.

J.D.
