

Volvo Penta

Where can I find an engine harness for my AD41P Volvo?

Hello:

The harness 873532 has also changed to new numbers:
873745 cable, 22637542 relay and 873543 cable kit.

This set up is for AD41P engines with a serial number higher than 2203126468.

The harness 873532 has also changed to new numbers: 873745 cable, 22637542 relay and 873543 cable kit. These are for AD41P with serial numbers below 2203126467.
