

Volvo Penta

I need a head gasket kit for my Volvo Penta engine. What would you suggest?

Attached is a quote for the head gasket. This head gasket is back ordered for some indefinite time through Volvo Penta, but I do have a good aftermarket version made by Sierra.

The screws for the Sea Water pump are now sold only as a kit of six.

3583786 CYLINDER HEAD GASK (Replaces 858992)

3582676 GASKET (Replaces 859111)

21951334 SCREW KIT

18-3868 HEAD GASKET

Unique solution ID: #1267
