

4167

REF	PART NO.	QTY	DESCRIPTION	SEE SEC.	NOTES
1	(822060)	1	Bracket		Spec. 9969, 867113., PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
2	(821441)	1	Protecting casing		Spec. 9969, 867113., Special MODEL,cooling water pump shaft LENGTH=153mm., Obsolete part
3	(950019)	2	Cross recessed screw		Spec. 9969, 867113., Special MODEL,cooling water pump shaft LENGTH=153mm., Obsolete part
4	(950026)	2	Cross recessed screw		Spec. 9969, 867113., Special MODEL,cooling water pump shaft LENGTH=153mm., Obsolete part
5	941905	4	Spring washer		Spec. 9969, 867113., Special MODEL,cooling water pump shaft LENGTH=153mm.
6	955560	1	Hexagon screw		Spec. 9969, 867113., PCI,circuit broken at 93°C.engine with automatic stopp or larm system.
7	940280	1	Spring washer		Spec. 9969, 867113., PCI,circuit broken at 93°C.engine with automatic stopp or larm system.
8	955590	1	Hexagon screw		Spec. 9969, 867113., PCI,circuit broken at 93°C.engine with automatic stopp or larm system.
9	941912	1	Spring washer		Spec. 9969, 867113., PCI,circuit broken at 93°C.engine with automatic stopp or larm system.
10	955900	1	Washer		Spec. 9969, 867113., PCI,circuit broken at 93°C.engine with automatic stopp or larm system.
11	(821439)	1	Bracket		Special MODEL,cooling water pump shaft LENGTH=153mm., Obsolete part
12		1			Special MODEL,cooling water pump shaft LENGTH=153mm., Components not stocked as spare.
13		1			Special MODEL,cooling water pump shaft LENGTH=153mm., Components not stocked as spare.
14	(950059)	3	Cross recessed screw		Special MODEL,cooling water pump shaft LENGTH=153mm., Components not stocked as spare., Obsolete part
15	941907	3	Spring washer		Special MODEL,cooling water pump shaft LENGTH=153mm., Components not stocked as spare.
16	955560	2	Hexagon screw		Special MODEL,cooling water pump shaft LENGTH=153mm., Components not stocked as spare.
17	955896	1	Washer		Special MODEL,cooling water pump shaft LENGTH=153mm., Components not stocked as spare.
18	940280	2	Spring washer		Special MODEL,cooling water pump shaft LENGTH=153mm., Components not stocked as spare.
19	(823616)	1	Clutch housing		Components not stocked as spare., Obsolete part
20	(823617)	1	Cardboard tube		Components not stocked as spare., Obsolete part
21	950047	4	Cross recessed screw		Components not stocked as spare.
22	(823767)	4	Terminal block		Components not stocked as spare., Obsolete part
23	(950011)	4	Cross recessed screw		Components not stocked as spare., Obsolete part
24	(821045)	1	Electrical distribut		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
25	(950034)	4	Cross recessed screw		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
26	(821044)	1	Cover		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
27	950024	2	Cross recessed screw		PCI,circuit broken at 93°C.engine with automatic stopp or larm system.
28	(821110)	1	Terminal block		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
29	(950011)	2	Cross recessed screw		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
30	821053	2	Protecting bushing		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., D=35mm
	(822783)	1	Protecting bushing		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., D=50mm, Obsolete part
31	(304307)	1	Fuse holder		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
32	950021	2	Cross recessed screw		PCI,circuit broken at 93°C.engine with automatic stopp or larm system.
33	(191206)	1	Cover		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part

REF	PART NO.	QTY	DESCRIPTION	SEE SEC.	NOTES
34	11433	3	Fuse		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., 8A
	(11434)	1	Fuse		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., 25A, Obsolete part
35	(140348)	1	Fuse		PCI,circuit broken at 93°C.engine with automatic stopp or larm system., Obsolete part
36		1			PCI,circuit closes again at 86,1°C.engine with double thermoswitch control., 12V 38A, 24V 25A
	(837365)	1	Instrument panel		Fenwal,circuit closes again at 92°.spec.9969 alt., 12V 38A, 24V 25A, Obsolete part
	(823586)	1	Cable trunk		24V 60A, 32V 60A, Obsolete part
	(823096)	1	Cable trunk		Fenwal,circuit closes again at 96°C.spec.9969 alt., 24V 70A, 32V 70A, Obsolete part
	(823033)	1	Cable kit		24V 38A, Obsolete part
		1			24V 62A
37			• connector	14035	
38			• cable and cable terminals	14035	
39	(950011)	8	Cross recessed screw		Obsolete part
40	(950020)	4	Cross recessed screw		24V 62A, Obsolete part
